SUBJECT INDEX FOR VOLUME 26

Abdomen
  cocoon, 148
    computed tomography in (brief report), 156
  paracentesis of, hemorrhage complicating, 306
Achalasia, cricopharyngeal dysfunction with, 216
Addison's disease, increased *Helicobacter pylori* infection with, 259
Adenocarcinoid tumor, mixed, Crohn's disease and (brief report), 353
Adenoma-to-carcinoma sequence, after pelvic radiation, 171
Adenomatous change, in hamartomatous polyps of Ruvalcaba-Myhre-Smith syndrome (brief report), 85
AIDS
  de novo Crohn's disease in (letter), 93
  gastrointestinal hemorrhage with *Mycobacterium avium* complex in (brief report), 84
Alanine aminotransferase, with interferon therapy for hepatitis C, 239, 296
Alcoholic pancreatitis, lipase-amylase ratio in, 34
Alcoholic recidivism, after liver transplantation, 204
Alexander the Great, Boerhaave's syndrome in (letter), 93
A-β-lipoproteinemia, clinical and laboratory features of, 207
Amebic abscess, of caudate lobe with spontaneous rupture into biliary tract (brief report), 355
Amyloid spleen, spontaneous rupture of (brief report), 161
Anal sphincters, anorectal manometry of in fecal incontinence, 175
Angiosarcoma, with arsenical salt therapy, 303
Anorectal manometry, with idiopathic fecal incontinence, 175
Antisecretory compounds, in functional dyspepsia, 312
Antral ulcer, microperforation of, 141
Anxiety, with endoscopy, 256
Arrhythmia, transjugular intrahepatic portosystemic shunt (TIPS) and, 39
Arsenical salts, protal hypertension and angiosarcoma associated with, 303
Autoimmune hepatitis, rare complication of, 334
Autoimmune thyroiditis
  atrophic, *Helicobacter pylori* infection with, 259
  with Crohn's disease, 117

Barium enema
  colonic anatomy and, 283
  NSAIDs-induced cecal ulceration diagnosed on (brief report), 154
Barium tablets, chewable, 321
Barrett's esophagus
  histopathology and biologic prognostic factors of, 324
  racial differences in histology, location, and risk factors of, 11
  short-segment (letter), 357
Behavioral factors, in ulcer disease, 14
Biliary tract
  drainage of before pancreaticoduodenectomy for periampullary malignancies, 125
  pancreatitis of, lipase-amylase ratio in, 34
  rupture of caudate lobe amebic abscess into (brief report), 355
Bladder, metastasis of transitional cell carcinoma to esophagus from (brief report), 81
Blood urea nitrogen, age-specific diagnostic values of (brief report), 151
Blood urea nitrogen/creatinine ratio, age-specific diagnostic values of (brief report), 151
Boerhaave's syndrome, in Alexander the Great (letter), 93
Book reviews
  Gastrointestinal emergencies, Second Edition, 359
Bowen's disease, colon cancer after (brief report), 346
Brain, in enteropathy-associated T cell lymphoma, 337
Breath test, for *Helicobacter pylori* diagnosis, 264
Bronchoalveolar lavage, in hospitalized cirrhosis patients, 44

Cancer
  de nova after pelvic radiation, 171
  endoscopic evaluation for in iron deficiency anemia, 7
Carcinomatous neuropathy, with hepatitis B surface antigen, 144
Cardiac arrhythmia, transjugular intrahepatic portosystemic shunt (TIPS) and, 39
Caudate lobe amebic abscess, with spontaneous rupture into biliary tract (brief report), 355
Cecal ulceration, NSAIDs-induced (brief report), 154
Celiac plexus block, chronic diarrhea with, 300
Celiac sprue
  with chronic oral mucosal symptoms, 23
  presenting during puerperium, 164
Chemoradiation, for unresectable pancreatic adenocarcinoma (brief report), 158
Chemotherapy, postoperative, for unresectable gastric cancer, 269
Chest pain, hot water swallows and, 239
Chinese population, Crohn's disease in, 27
Cholangiopancreatography, endoscopic retrograde, for periampullary malignancies, 125
Cholecystectomy, hemobilia after, 50
Cholesterol gallstone, combination therapy for, 287
Cholesterol saturation index, with simvastatin/ursodeoxycholic acid therapy, 287
Cirrhosis
  alcoholic, liver transplantation for, 204
  hemorrhage complicating diagnosis of, 306
  with portal hypertension, colonic disease in, 222
  pulmonary infections with, 44
  in subacute hepatic failure, 98
Clinical features, of A-β-lipoproteinemia, 207
Clinical practice patterns, for gastrointestinal and liver diseases, 101
Coagulopathy, diagnostic abdominal paracentesis and, 306
Cocoon abdomen
  computed tomography in (brief report), 156
  preoperative diagnosis of, 148
Cohort study, of ulcer and socioeconomic status, 14
Colitis
  diclofenac-induced pseudomembranous (letter), 228
  melanosis coli in, 167
Colon
  altered anatomy with chronic laxative use, 283
  cancer of
    after Bowen's disease (brief report), 346
    lymph node metastasis and inferior mesenteric artery ligation in, 179
  cathartic, 283
  disease of in cirrhosis with portal hypertension, 222
  metastasis of lung carcinoma to (brief report), 348
  ulceration, with hepatitis C-associated polyarteritis nodosa, 212
Colonoscopy
  for iron deficiency anemia in older patients, 7
  without sedation, 279
Colopathy, portal, cirrhosis with, 222
Colorecal cancer, lymph node metastasis and inferior mesenteric artery ligation in, 179
Computed tomography
  for acute pancreatitis, 121
  in cocoon abdomen (brief report), 156
Congestive heart failure, hepatitis and, 183
Creatinine, age-specific diagnostic values of (brief report), 151
Cricopharyngeal dysfunction, with achalasia, 216
Crohn's disease
  in AIDS (letter), 93
  Hashimoto's thyroiditis with, 117
  healing in, 237
  melanosis coli and, 167
  mixed adenocarcinoid tumor and (brief report), 353
  in Singapore Chinese population, 27
Crohn's syndrome, in AIDS (letter), 93
Cystic lymphangioma, of spleen, 309
Cytotoxin-associated gene A (CagA), in *Helicobacter pylori* infection, 18

Diabetes mellitus
  chronic diarrhea with, 300
  in liver transplant recipients with hepatitis C, 30
Diagnosis, of gastric cancer, 219
Diarrhea, with celiac plexus block, 300
Diclofenac, pseudomembranous colitis with (letter), 228
DNA index, in Barrett's esophagus, 324
Doppler ultrasonography, in focal pancreatitis diagnosis, 54
Duodenitis, *Helicobacter pylori* in, 74
Duodenum
  biopsy of for *Helicobacter pylori*, 74
  intramural hematoma of, due to pancreatitis (brief report), 350
  stenosis of after *Helicobacter pylori* eradication (letter), 357
  ulcer of, *Helicobacter pylori* in, 60
Dyspepsia
  antisecretory and gastrokinetic compounds in, 312

in *Helicobacter pylori* infection, 106
Dysphagia
chewable barium table tracking, 321
hot water swallows for, 239
Dysplasia, *Helicobacter pylori* and, 3

Editorials
endoscopic evaluation of iron deficiency anemia and follow-up, 7
gastric cancer and *Helicobacter pylori*, 3
reflections on Crohn's disease and healing, 237
subacute hepatic failure, 98
Educational level, in ulcer patients, 14
Elderly, cytotoxin-associated gene A (CagA)-positive *Helicobacter pylori* infection in, 18
Emotional factors, in Crohn's disease and healing, 237
Endoscopic biliary drainage, before pancreaticoduodenectomy for periampullary malignancies, 125
Endoscopic biopsy, for portal hypertensive gastropathy, 64
Endoscopic findings, long-term patterns in *Helicobacter pylori*-infected and -uninfected patients, 106
Endoscopic gastritis, long-term symptom patterns in, 106
Endoscopic resection, endosonographic probe-guided, of focal rectal lymphoid hyperplasia (brief report), 348
Endoscopic ultrasonography
for esophageal varices, 249
focal pancreatitis diagnosed by, 54
Endoscopy
of cirrhosis with portal hypertension, 222
outpatient (brief report), 342
relaxation music during (letter), 92
tolerance of, 253, 256
upper gastrointestinal, factors affecting patient tolerance of, 253
Endoscopy room, ambience in, 256
Endotoxemia, in acute pancreatitis outcome, 121
Enteropathy, of T cell lymphoma with brain involvement, 337
Enzymes, in myotonic dystrophy, 292
Erratum
Azathioprine in steroid-resistant and steroid-dependent ulcerative colitis (25(1):330-334), 231
The effects of oral doses of lansoprazole and omeprazole on gastric pH (24(2):65-70), 231
Hemobilia due to hepatic artery pseudoaneurysm thirteen months after laparoscopic cholecystectomy (26(1):50-53), 359
Homeopathy for postoperative ileus? (25(4):628-633), 231
Esophageal clearance, hot water swallows in accelerating, 239
Esophageal motility disorders, hot water swallows for, 239
Esophageal sphincters, dysfunction of with achalasia, 216
Esophagogastroduodenoscopy, for iron deficiency anemia in older patients, 7
Esophagus
adenocarcinoma of, prognostic factors of, 324
cancer of, racial differences in histology, location, and risk factors of, 11
carcinoma of with pulmonary nodules, 245
metastasis of transitional cell carcinoma to (brief report), 81
varices of in vivo comparison using high resolution endoluminal sonography, 249
Ethanol, liver transplantation and, 204
Extrahepatic obstruction, in portal gastrophy, 64

Fecal incontinence, anorectal manometric characteristics of, 175
Fecal occult blood, for iron deficiency anemia in older patients, 7
Flat adenoma, after pelvic radiation, 171
Fungal infections, in hospitalized cirrhosis patients, 44

Gallstones, cholesterol, combination therapy for, 287
Gastric adenocarcinoma cells, seeding of to skin after invasive procedures (brief report), 82
Gastric atrophy, cytotoxin-associated gene A (CagA) in, 18
Gastric cancer
biologic and epidemiologic inconsistencies in, 3
failure to detect early recurrence of, 219
Helicobacter pylori in, 60
low expression of multidrug resistance-1 in, 274
postoperative chemotherapy for, 269
Gastric outlet obstruction, with microperforation of *Helicobacter pylori*-related antral ulcer, 141
Gastric secretion, with autoimmune atrophic thyroiditis, 259
Gastric ulcer, *Helicobacter pylori* in, 60
Gastric wall metastasis, from renal cell carcinoma (brief report), 153
Gastritis
atrophic, long-term symptom patterns in, 106
breath test for, 264
Gastrocolic fistula, NSAIDs and (brief report), 343
Gastrointestinal tract
factors affecting patient tolerance of endoscopy of, 53
hemorrhage of
blood urea nitrogen/creatinine ratio in diagnosing (brief report), 151
with gastroduodenal involvement by *Mycobacterium avium* complex in AIDS patients (brief report), 84
hospitalization for disease of, 101
Gastrojejunostomy, chemotherapy after, 269
Gastrokinetic compounds, in functional dyspepsia, 312
Gastroscopy
endoscopy room ambience and, 256
factors affecting patient tolerance of, 253
Gender, in ulcer disease, 14
Genetics, of A-β-lipoproteinemia, 207
Giant celled phlebitis, with hepatitis C-related polyarteritis nodosa, 212
Goiter, Crohn's disease and, 117
Granulomatous disease, chronic, hepatic failure in infant with (brief report), 89
Grave's disease, increased *Helicobacter pylori* infection with, 259

Hamartomatous polyps, of Ruvalcaba-Myhre-Smith syndrome (brief report), 85
Hashimoto's thyroiditis
with Crohn's disease, 117
increased *Helicobacter pylori* infection with, 259
Healing, in Crohn's disease, 237
Helicobacter pylori infection
biologic and epidemiologic inconsistencies in, 3
cytotoxin-associated gene A (CagA) in, 18
duodenal stenosis after eradication of (letter), 357
histology of in duodenal biopsy, 74
increased with autoimmune atrophic thyroiditis, 259
long-term symptom patterns in, 106
microperforation of antral ulcer with, 141
in peptic ulcer and gastric cancer, 60
simplified urea breath test for diagnosis of, 264
in ulcer disease, 14
Hematogenous metastasis, solitary, to gastric wall from renal cell carcinoma (brief report), 153
Hemobilia, with hepatic artery pseudoaneurysm after laparoscopic cholecystectomy, 50
Hemorrhage, complicating diagnostic abdominal paracentesis, 306
Hemostasis, after multipolar electrocoagulation for peptic ulcer bleeding, 113
Hepatic artery pseudoaneurysm, with laparoscopic cholecystectomy, 50
Hepatic failure, in infant with chronic granulomatous disease (brief report), 89
Hepatic hilar lymph nodes, abdominal tuberculosis involving (letter), 228
Hepatic lobar atrophy, with autoimmune hepatitis, 334
Hepatitis
ischemic, 183
rare complication of, 334
Hepatitis A, in subacute hepatic failure, 98
Hepatitis B
hepatocellular carcinoma presenting as paraneoplastic neurologic syndrome in, 144
in subacute hepatic failure, 98
Hepatitis B surface antigen, hepatocellular carcinoma and, 144
Hepatitis C
in children with immunodeficiency syndromes, 187
chronic genotype 2a/2b, predictors of outcome for, 135
with diabetes in liver transplant recipients, 30
histologic response to interferon therapy in, 296
interferon treatment for, 130
polyarteritis nodosa and colonic ulcers with, 212
in subacute hepatic failure, 98
viral RNA status of at two weeks, 193
Hepatitis D, in subacute hepatic failure, 98
Hepatitis E, in subacute hepatic failure, 98
Hepatitis G
in children with immunodeficiency syndromes, 187
in Israel (brief report), 88
Hepatocellular carcinoma
presenting with paraneoplastic neurologic syndrome in hepatitis B, 144
tamoxifen therapy for, 200
Hepatotoxicity, tacrine related, 57
Histamine test, augmented, for portal hypertensive gastropathy, 64
Histology
of *Helicobacter pylori* in duodenal biopsy, 74
long-term patterns in *Helicobacter pylori*-infected and -uninfected patients, 106

pretreatment lesions and in chronic hepatitis C therapy, 296
racial difference in for esophageal cancer, 11
Histopathology, of Barrett's esophagus, 324
Hospitalization, for gastrointestinal and liver diseases, 101
Hot water swallows, in esophageal motility disorders, 239
Hydatid cyst, primary pelvic (brief report), 157
Hydatid disease, cystic lymphangioma of spleen mimicking, 309
3-Hydroxy,3-metylglutaryl coenzyme A reductase, for cholesterol gallstone, 287
Hypotension, in ischemic hepatitis, 183
Hypoxemia, hepatitis and, 183

Ileocolic fistula, colonic metastasis of lung carcinoma with (brief report), 348
Immunodeficiency syndromes, chronic unexplained liver disease with, 187
Immunosuppression, in hospitalized cirrhosis patients, 44
Incontinence, fecal, anorectal manometric characteristics of, 175
Infant, with chronic granulomatous disease, hepatic failure in (brief report), 89
Inflammatory bowel disease, melanosis coli in, 167
Intensive care, ischemic hepatitis in, 183
Interferon
for chronic hepatitis C, 130
hepatitis C viral RNA status with, 193
histologic response to in chronic hepatitis C, 296
predictors of outcome with, 135
Interferon receptor genes, expression of in liver, 135
Interferon-alpha, histologic response to in chronic hepatitis C, 296
Intestinal metaplasia
cytotoxin-associated gene A (CagA) in, 18
Helicobacter pylori and, 3
Intestinal obstruction, with cocoon abdomen, 148
Invasive procedures, seeding of gastric adenocarcinoma cells to skin after (brief report), 82
Iron deficiency anemia, endoscopic evaluation and follow-up of in older patients, 7
Israel, hepatitis G virus in (brief report), 88

Jejunum, enteropathy-associated T cell lymphoma of, 337

Langerhans cell granulomatosis, liver nodules in, 69
Laparoscopic cholecystectomy, hemobilia after, 50
LARA system, in *Helicobacter pylori* diagnosis, 264
Laxatives
altered colonic anatomy with chronic use of, 283
melanosis coli and, 167
Letters to editor, 357, 92, 228
Lipase-amylase ratio, in acute pancreatitis etiology, 34
Liver
biopsy of for subacute hepatic failure, 98
cancer of with arsenical salts, 303
disease of
chronic unexplained, in children with primary immunodeficiency syndromes, 187
hospitalization for, 101
extreme right lobar atrophy of, 334
failure, subacute, 98
interferon receptor genes expression in, 135
neoplasms of in hepatitis B surface antigen-positive patient, 144
nodules, in Langerhans cell granulomatosis, 69
pathology of in hepatitis C, 296
transplantation of
alcoholic recidivism after, 204
hepatitis C and diabetes after, 30
orthotopic, 306
pulmonary infections in patients awaiting, 44
Liver tests, abnormal results in myotonic dystrophy, 292
Lung carcinoma, colonic metastasis of (brief report), 348
Lupus anticoagulant, portal vein thrombosis from (brief report), 353
Lymph node metastasis, distribution of in colorectal cancer, 179
Lymphoid hyperplasia, focal rectal (brief report), 348
Lymphoma, enteropathy-associated T cell, 337

Medical factors, in Crohn's disease and healing, 237
Medical supply factors, in hospital use for gastrointestinal and liver diseases, 101
Melanosis coli, in inflammatory bowel disease, 167
Mesenteric artery ligation, inferior, level of in colorectal cancer, 179
Meta-analysis, of antisecretory and gastrokinetic compounds in functional dyspepsia, 312
Metastasis
colonic, of lung carcinoma (brief report), 348
distribution of in colorectal cancer, 179
pulmonary, in esophageal carcinoma, 245
of transitional cell carcinoma of bladder to esophagus (brief report), 81
mRNA, IFNAR1 and IFNAR2, 135
Multidrug resistance-1, low expression of in gastric cancer, 274
Multipolar electrocoagulation, predictive factors for rebleeding after, 113
Music
in endoscopic tolerance, 256
during gastrointestinal endoscopy (letter), 92
Mycobacterium avium complex, gastrointestinal hemorrhage with in AIDS patients (brief report), 84
Myotonic dystrophy, abnormal liver test results in, 292

Natural history, of A-β-lipoproteinemia, 207
Nephrectomy, radical, solitary hematogenous metastasis to gastric wall after (brief report), 153
Nerve degeneration, with hepatitis B surface antigen, 144
Neural conduction, with hepatitis B surface antigen, 144
Neurobiology, of relaxation music during gastrointestinal endoscopy (letter), 92
Nonsteroidal anti-inflammatory drugs
in cecal ulceration (brief report), 154
gastrocolic fistula and (brief report), 343

Octreotide, unsuccessful treatment of watermelon stomach (brief report), 345
Oncogenes, in Barrett's esophagus, 324
Oral disease, with celiac sprue, 23

Palladium-103 implant, for unresectable pancreatic adenocarcinoma (brief report), 158
Pancreas
adenocarcinoma of, unresectable, treatment of (brief report), 158
necrosis of in acute pancreatitis, 121
Pancreaticoduodenectomy, endoscopic biliary drainage before, 125
Pancreatitis
endotoxemia and outcome of, 121
intramural duodenal hematoma due to (brief report), 350
lipase-amylase ratio in, 34
splenic vein thrombosis with, 54
Paracentesis, hemorrhage complicating, 306
Paraneoplastic neurologic syndrome, hepatocellular carcinoma presenting as, 144
Patient testimony, on healing with Crohn's disease, 237
Pediatrics, chronic unexplained liver disease in immunodeficiency syndromes in, 187
Pelvic hydatid cyst, primary (brief report), 157
Pelvic radiation, flat adenoma and superficial rectal cancer after, 171
Peptic ulcer
cytotoxin-associated gene A (CagA) in, 18
Helicobacter pylori in, 60
predictive factors for rebleeding after multipolar electrocoagulation for, 113
socioeconomic status and, 14
Perforated ulcer, gastric outlet obstruction with, 141
Periampullary malignancies, endoscopic biliary drainage before pancreaticoduodenectomy for, 125
Peripheral nervous system disease, with hepatitis B surface antigen, 144
Peritonitis, sclerosing encapsulating, 148
Pharyngeal swallowing dysfunction, chewable barium table tracking, 321
Placebo-controlled study, for hepatocellular carcinoma, 200
Pneumonia, in hospitalized cirrhosis patients, 44
Polyarteritis nodosa, colonic ulcers with, 212
Polymerase chain reaction
in chronic hepatitis C infection, 135
for enteropathy-associated T cell lymphoma, 337
Portal fibrosis, noncirrhotic, 64
Portal hypertension
with arsenical salt therapy, 303
cardiac arrhythmias and, 39
cirrhosis with, 222
noncirrhotic, portal gastrophy in, 64
Portal hypertensive gastropathy, in noncirrhotic patients, 64
Portal vein thrombosis, from lupus anticoagulant (brief report), 352
Postemetic esophageal perforation, in Alexander the Great (letter), 93
Pregnancy, celiac sprue and, 164
Preoperative diagnosis, of cocoon abdomen, 148
Prognostic factors, of Barrett's esophagus, 324
Prognostic markers
for acute pancreatitis outcome, 121
in hepatitis C infection, 193
Pseudoaneurysm, with laparoscopic cholecystectomy, 50

Pseudomembranous colitis, diclofenac-induced (letter), 228
Psychological characteristics, in ulcer disease, 14
Psychosocial factors, in ulcer disease, 14
Puerperium, celiac sprue presenting during, 164
Pulmonary disease
  hepatitis and, 183
  in hospitalized cirrhosis patients, 44
Pulmonary metastasis, in esophageal carcinoma, 245
Pulmonary nodules, with esophageal carcinoma, 245

Race, in histology, location, and risk factors of esophageal cancer, 11
Radiation therapy
  flat adenoma and superficial rectal cancer after, 171
  for unresectable pancreatic adenocarcinoma (brief report), 158
Rapid urease test, xylocaine spray and false positive results of, 267
Rebleeding, predictive factors for with peptic ulcer, 113
Rectum
  cancer of
    after pelvic radiation, 171
    lymph node metastasis and inferior mesenteric artery ligation in, 179
  endoscopic resection of focal lymphoid hyperplasia of (brief report), 348
Recurrence, of gastric cancer, 219
Relaxation music, during gastrointestinal endoscopy (letter), 92
Renal cell carcinoma, solitary hematogenous metastasis to gastric wall from (brief report), 153
Retroperitoneal fibrosis, in focal pancreatitis, 54
Risk factors
  in Barrett's esophagus, 324
  racial difference in for esophageal cancer, 11
Ruvalcaba-Myhre-Smith syndrome, adenomatous change in hamartomatous polyps of (brief report), 85

Sclerosing encapsulating peritonitis, preoperative diagnosis of, 148
Sedation
  colonoscopy without, 279
  in upper gastrointestinal endoscopy, 354
Simvastatin, for cholesterol gallstone dissolution, 287
Singapore, Crohn's disease in, 27
Skin, seeding of gastric adenocarcinoma cells to (brief report), 82
Small area variation, in hospital use for gastrointestinal and liver diseases, 101
Small bowel X-ray, for iron deficiency anemia in older patients, 7
Socioeconomic analysis, of hospital use for gastrointestinal and liver diseases, 101
Socioeconomic status, ulcer and, 14
Spiritual factors, in Crohn's disease and healing, 237
Spleen
  cystic lymphangioma of, 309
  ruptured (brief report), 161
Splenic vein thrombosis, with focal pancreatitis diagnosed by endoscopic ultrasonography, 54
Stress, in ulcer disease, 14
Surgery, for pancreatic adenocarcinoma (brief report), 158
Survival rates, with tamoxifen therapy for hepatocellular carcinoma, 200
Swallowing dysfunction, chewable barium table tracking, 321
Symptoms, long-term patterns in *Helicobacter pylori*-infected and -uninfected patients, 106

Tacrine, hepatotoxicity of, 57
Tamoxifen, hepatocellular carcinoma survival and, 200
T-cell lymphoma, with brain involvement, 337
Telephone callback, after outpatient endoscopy (brief report), 342
Thyroiditis
  autoimmune atrophic, *Helicobacter pylori* infection with, 259
  with Crohn's disease, 117
TIPS implantation, cardiac arrhythmias and, 39
Transitional cell carcinoma, metastasis of to esophagus (brief report), 81
Transjugular intrahepatic portosystemic shunt (TIPS), cardiac arrhythmias and, 39
Tuberculosis, abdominal, involving hepatic hilar lymph nodes (letter), 228

Ulcer disease
  Helicobacter pylori in, 60
  with hepatitis C-related polyarteritis nodosa, 212
  NSAIDs-induced (brief report), 154
  socioeconomic status and, 14
Ulcerative colitis, melanosis coli in, 167
Ultrasonography
  endoscopic, focal pancreatitis diagnosed by, 54
  for esophageal varices, 249
  for liver nodules in Langerhans cell granulomatosis, 69
Urea breath test, for *Helicobacter pylori* diagnosis, 264
Ursodeoxycholic acid
  for cholesterol gallstone dissolution, 287
  in interferon treatment, 130

Valedictory, 235
Varices
  bleeding, with TIPS implantation, 39
  esophageal, endoscopic ultrasound for, 249
Vascular ectasia, in portal hypertensive gastropathy, 64
Vasculitis, with hepatitis C-related polyarteritis nodosa, 212

Watermelon stomach, unsuccessful octreotide treatment of (brief report), 345
Wilson's disease, in subacute hepatic failure, 98

X-ray, small bowel, for iron deficiency anemia in older patients, 7
Xylocaine spray, false positive rapid urease test and, 267

Z-line, in Barrett's esophagus (letter), 357
